

Correctional Industries Food Product List

CI Food Products are manufactured in a facility which may contain milk, wheat, eggs, peanuts, and soy. Identifiers are not intended to be used as medical advice for food allergens and religious diet recommendations. Please refer to all CI food product labels and packaging for information regarding food allergens before consumption.

Identifier Key: (NGA) = No Gluten Added, (K) = Kosher, (H) = Halal, (V) = Vegan, (WM/MLF) = Women's Menu/Men's Lighter Fare. An empty cell in the ID column indicates there is no special dietary identifier for that food item.
