

NEW LCC VISITING HOURS & VENDING CHANGES EFFECTIVE NOVEMBER 4, 2016

Effective November 4th, 2016, Larch Corrections Center Visiting Program will extend visiting hours on Mondays and Fridays to full days to accommodate our offenders and their friends and families. The new hours for all four visiting days will be from 0800-1530. Check-ins will occur on the hour beginning at the following times: 0800-0810; 0900-0910; 1000-1010 and 1300-1310; 1400-1410. This should make it easier for families and friends to travel during the upcoming winter months.

Another important change will be the “out-of-bounds” red lines that you will see around the vending machines and visitor restrooms.

- Offenders will not be authorized to go beyond the red lines and approach the vending machines, but may approach up to the red line with their visitors to see the contents.
- It is also an important reminder that offenders are not authorized to handle any cash cards that are used in the vending machines.
- Visitors must remain in possession of these items and make the vending purchases.
- These changes are being made to enhance security and improve safety for staff, offenders, and their visitors.

For staff and visitor convenience, we will be installing a new light on the side of the visiting room facing the parking lot that will turn green when visitors can exit their vehicles and proceed to the visiting room for check-in. This will keep visitors from having to make trips down to wait during inclement weather. You may expect to see this change by mid-November.

If you have any questions, please feel free to contact our visiting staff Friday through Monday at (360) 260-6300.
