Per RCW 9.94A.730, individuals convicted as an adult of an offense committed before their 18th birthday may be eligible to petition the Indeterminate Sentence Review Board (Board) for possible early release with conditions of community supervision after serving 20 years in total confinement.

If you intend to petition the Board, you will be assessed by the Juvenile Board Assessment Committee and Headquarters Community Screening Committee (HCSC). Individuals will be encouraged to participate in the assessment process. The Board may consider refusal to participate when determining eligibility for release. The assessment is intended to:

- Verify you meet the eligibility requirements to petition the Board
- Assess your preparedness to return to the community
- Identify appropriate programming referrals based on risk/need
- Determine appropriate facility placement

This assessment does NOT serve as a formal petition. DOC 09-288 Petition for Review must be completed to initiate a formal petition to the Board.

I hereby indicate my interest in being assessed for early release per RCW 9.94A.730 and:

- I AM interested** and plan to petition the Board for early release
- I am NOT interested** and do not plan to petition the Board for early release
