

Improving Public Safety by Building Successful Transitions into our Community. Education Services

January 2024

FY23 HIGHLIGHTS

5,269

5,269 individuals participated in education programs

219

219 GED® certificates awarded

351

351 high school diplomas awarded

602

602 postsecondary degrees and certificates awarded

732

732 students enrolled in college post-release

IMPACT

✚ Incarcerated people who participate in postsecondary education programs are **48 percent** less likely to recidivate than those who do not. (Vera Institute of Justice, 2019)

✚ **For every dollar invested in education in WA, up to \$19.80 is saved** from reduced recidivism. (Washington State Institute for Public Policy, 2018)

About

Washington is a national leader in delivering quality educational programming to a significant proportion of the Department of Corrections incarcerated population. DOC aims to provide basic academic skills, pre-apprenticeship, and postsecondary education programs designed to meet the individual's needs and enhance pathways for post-release employment and/or education.

Through a long and vibrant partnership between DOC, Washington State Board for Community & Technical Colleges, Washington's community and technical colleges, and private partnerships, Washington's correctional educational system provides opportunities for incarcerated students to earn a high school equivalency, learn high-wage and high-demand workforce skills, and earn postsecondary certificates and degrees.

- ✚ Incarcerated individuals are provided education and employment reentry support through a state-wide network of prison- and community-based education reentry navigators.
- ✚ Referrals are prioritized based on risk level, individual needs, expected release date, and availability of program resources.

Education Pathways

Every prison offers adult basic education programs to provide pathways for individuals to obtain a high school equivalency. Corrections Education pathways include three bachelor's degrees, eighteen associate degrees, thirty certificate programs, and thirteen state-recognized pre-apprenticeship programs. All credit-bearing programs are accredited by the Northwest Commission on Colleges and Universities.

Accounting | Automotive Mechanics Technology | Autobody Collision and Repair
Baking and Pastry Arts | Bookkeeping | Business Administration and Management
Carpentry | Construction Trades | Computer-Aided Design (CAD) | Computer Numerical Controlled Manufacturing (CNC) | Computer Programming | Cosmetology
Diesel Mechanics | Digital Media | Direct-Transfer Associates Degrees
Entrepreneurship | Horticulture | Human Services | HVAC Technology | Liberal Studies | Machinist Technology | Plumbing Trades | Technical Design and Drafting
Web Developer Applications | Welding

Expanding Education Programs

Student Access to Federal and State Financial Aid

As federal and state financial aid becomes accessible for incarcerated students, DOC is working with stakeholders and postsecondary education institutions to expand educational opportunities up to a bachelor's degree.

DOC initiated a Request for Information from all WA State colleges interested in providing education programs to individuals utilizing Title IV Pell Grant funds and the Washington College Grant.

All financial aid-eligible education programs will be approved by DOC, a national accrediting agency, and the U.S. Department of Education. Student access to financial aid is anticipated to begin in July 2024.

Enhancing Student Success

Secured Internet Access

To support our college partners in ensuring high-quality educational program delivery, the Department is implementing an Off State Network Project, to include a Secured-internet system for educational use in prison facilities statewide to provide students safe access to the same digital information and tools that students on college campuses use.

Secured-internet has been installed and is operational at the following sites: Coyote Ridge Corrections Center, Monroe Correctional Complex, Washington Corrections Center for Women, Washington Corrections Center, and Washington State Penitentiary. Statewide implementation is anticipated to be completed by June 2024.

Student Support Services

DOC is collaborating with our education partners to develop a process to ensure students who identify as having a disability are assessed and provided access to disability support services and accommodations to support equal access to education.
