Unexpected Fatality Review Governance

[RCW 72.09.770](#) requires the Department of Corrections (DOC) to convene an Unexpected Fatality Review (UFR) committee and meeting in any case “in which the death of an incarcerated individual is unexpected, or any case identified by the Office of the Corrections Ombuds.” The department is also required to issue a report on the results of the review within 120 days of the fatality and, within 10 days of completion of the review, develop an associated corrective action plan to implement any recommendations made by the review team. The statute took effect July 25, 2021.

The “primary purpose of the unexpected fatality review shall be the development of recommendations to the department and legislature regarding changes in practices or policies to prevent fatalities and strengthen safety and health protections for prisoners in the custody of the department.”

“‘Unexpected fatality review’ means a review of any death that was not the result of a diagnosed or documented terminal illness or other debilitating or deteriorating illness or condition where the death was anticipated and includes the death of any person under the jurisdiction of the department, regardless of where the death actually occurred. A review must include an analysis of the root cause or causes of the unexpected fatality, and an associated corrective action plan for the department to address identified root causes and recommendations made by the unexpected fatality review team under this section.”

Unexpected Fatality Review Committee Report

The department issued the UFR committee report 23-014 on December 21, 2023 (DOC publication 600-SR001). This document includes the required corrective action plan. The department is required to implement the corrective actions within 120 days from the corrective action plan publication.

Corrective Action Plan

CAP ID Number:	UFR-23-014-1
Finding:	Substance use disorder (SUD) treatment services are not currently available on site in DOC reentry centers.
Root Cause:	Resources are not currently funded for on-site SUD services.
Recommendations:	DOC Substance Use Recovery Unit (SARU) staff should continue to partner with reentry center staff to support and expand SUD treatment services in reentry centers as resources permit.
Corrective Action:	Reentry center leadership in partnership with SARU leadership develop a plan to expand SUD services for reentry center participants.
Expected Outcome:	Improved sobriety support for reentry center participants.
