DOC Mission: To Improve Public Safety by Positively Changing Lives
DOC Vision: Working Together for safe Communities

• Work Release Expansion
  ◦ **Work release** facilities serve as a bridge between life in prison and life in the community. Incarcerated individuals who complete the work release program are more likely to be successful in maintaining employment, stable housing, and in paying legal financial obligations. Recent research conducted by the Washington State Institute for Public Policy indicates that work release programs have a positive cost/benefit impact; for every dollar spent, $3.82 is returned to the state.
Siting Considerations
Developed with LAC (May 2020)

• **Close to services**
  ◦ Substance Abuse Treatment
  ◦ Mental Health
  ◦ WorkSource, Laborworks, etc.

• **Close to Transportation**
  ◦ Bus lines need to connect to other buses
  ◦ Frequency of bus/transit stops
  ◦ Local & regional bus options

• **Walking distance to green space, proximity to parks, outdoor space**
  ◦ Existence of sidewalks or other walkable areas
  ◦ Proximity to schools, single family residential area

• **Shopping**
  ◦ Clothing, Hygiene, Food, pharmacies
Siting Considerations
Developed with LAC (May 2020)

• **Building Security**
  ◦ Security Lighting, methods to control movement

• **Building Requirements**
  ◦ Meeting spaces/classroom areas for programming/presentations to residents, etc.
  ◦ Parking (for staff and visitors)
  ◦ Traffic
  ◦ Backup systems for interruption such as power, water, gas, etc.
  ◦ Resource room with computers, High speed internet (for communication, job searches, online application access, and other web-based services)
  ◦ Storage for extra supplies (mattresses, linen, etc.), Secure resident property/evidence, Staff property
  ◦ Exercise/fitness options

• **Other**
  ◦ Address ‘*Not in my backyard*’ (NIMBY) issues
Engaged with the City of Wenatchee - Planning Department to confirm findings and request next steps

- 401 Washington Street property is zoned Central Business District (CBD), and the 300 Okanogan property is zoned Residential Mixed Use (RMU). Are these zoning designations correct?

- Also, according to our consultants review of the Wenatchee Municipal Code (WMC) Title 10, Zoning, a DOC WR type use is not a listed use, but that WMC 10.08.060 “Essential Public Facilities”(EPF) likely applies. Is this correct?
Site Specific Progress
Chelan County Regional Jail Annex - 401 Washington St.
Deaconess Building - 300 Okanogan Ave.

• If a DOC WR facility is indeed classified as an EPF then our consultant suggests it is allowed as a Conditional Use in both the CBD and RMU zones per WMC 10.10 under Other Uses - EPF. Is that correct?

• Given that a DOC WR is determined to be an EPF then how might WMC 10.65.130 apply to the two existing buildings under consideration?

• Was the Jail Annex and Deaconess Hospital previously classified as EPFs? Does the TMC 10.65.130 process apply to either or both of the properties? If TMC 10.65.130 is applicable, then should DOC approach the County to formally initiate the EPF siting process or will the City take the lead on that?
Guiding Principles (Examples):
- We will be transparent
- We will be proactive in communicating with others
- We will foster an environment of “No surprises”

Communication plan considerations:

- Communication needs to be made even before a site is decided
- Make our intentions clear to as many people as possible
- Inform the public that a Work Release facility actually reduces recidivism

Examples of recommended communication methods:

- Interview with NCW Life
- Interview with Mike Magnotti (he does Street Talk and Other Stuff)
Approaches to outreach:

- Face-to-face (Virtual)
- Phone briefings
- Community meetings
- Door-to-door (informational flyers)
- Traditional Media
- Social Media
- Paid ads

- Social media
- Direct mail
- Emails
- Third party trusted advocates
- Website
- Factsheets
- Video/PowerPoint
- Visualizations
