PUBLIC RECORDS ACT

1.1 This Agreement and all records associated with the performance of this Agreement shall be available from the Department for inspection and copying by the public when required by the Public Records Act, Chapter 42.56 RCW (the "Act").

1.2 If records in the custody of the Contractor are needed by the Department to respond to a request under the Act, as determined by the Department, the Contractor agrees to make them promptly available to the Department. Upon request by the Department, the Contractor further agrees to provide a detailed index of records associated with its performance of the contract. This index will allow for more efficient and accurate identification of potentially responsive records.

1.3 If the Contractor considers any portion of any record associated with the Contractor's performance under this Agreement to be protected from disclosure under law, the Contractor shall clearly identify the specific information that it claims to be confidential or proprietary when the records are provided to the Department in response to a public records request. The Department retains sole discretion in the appropriateness and application of withholdings and redactions on all records.

1.4 If the Department receives a request under the Act to inspect or copy information identified by the Contractor as confidential or proprietary and the Department determines that release of the information is required by the Act or otherwise is appropriate, the Department’s sole obligation shall be to notify the Contractor (a) of the request and (b) of the date that such information will be released to the requester unless the Contractor obtains a court order to enjoin that disclosure pursuant to RCW 42.56.540. If the Contractor fails to timely obtain a court order enjoining disclosure, the Department will release the requested information on the date specified with whatever withholdings and redactions it deems proper.

1.5 The Department is not obligated to claim any exemption from disclosure under the Act on behalf of the Contractor. The Department shall not be liable to the Contractor for releasing records not clearly identified by the Contractor as confidential or proprietary. The Department shall not be liable to the Contractor for releasing any records in compliance with this section, in compliance with the Act, or in compliance with an order of a court of competent jurisdiction.

EQUALITY IN COMPENSATION

1.6 The contractor must ensure that similarly employed individuals in its workforce are compensated as equals, consistent with the following:

Employees are similarly employed if the individuals work for the same employer, the performance of the job requires comparable skill, effort, and responsibility, and the jobs are performed under similar working conditions. Job titles alone are not determinative of whether employees are similarly employed;

Contractor may allow differentials in compensation for its workers based in good faith on any of the following:

i. A seniority system; a merit system; a system that measures earnings by quantity or quality of production; a bona fide job-related factor or factors; or a bona fide regional difference in compensation levels.
ii. A bona fide job-related factor or factors may include, but not be limited to, education, training, or experience, that is: Consistent with business necessity; not based on or derived from a gender-based differential; and accounts for the entire differential.

iii. A bona fide regional difference in compensation level must be: Consistent with business necessity; not based on or derived from a gender-based differential; and account for the entire differential.

1.7 This Contract may be terminated if the Department determines that the contractor is not in compliance with this provision.
