6/3/2022

TO: All Eleanor Chase House Reentry Center Residents/Staff

FROM: Michele Mans, Community Corrections Supervisor

SUBJECT: Eleanor Chase House COVID-19 Facility Wide Outbreak

On 05/24/22, Eleanor Chase House was placed on quarantine status as a result of 3 confirmed positive cases of COVID-19 and per the outbreak status protocols Eleanor Chase House was placed on outbreak status. The COVID-19 positive residents were placed on medical isolation status in the facility.

I am pleased to announce that as of today, June 3, 2022, we are no longer on Outbreak status. I want to thank you for your continued understanding and cooperation while we were on Outbreak and I firmly believe that our high-level practice of following PPE guidelines, disinfecting, and social distancing, worked in meeting the requirements to come off Outbreak status so quickly. Your health and safety continue to be our main priority. All medical directives are in accordance with Washington State Department of Health and Centers for Disease Control Guidelines.

The following is a continued reminder: It is important that you report any symptoms to staff as soon as you become aware. Ensure you follow the quarantine protocols by wearing your surgical mask at all times, disinfect anything that you touch and wash your hands immediately after touching a surface. Please remain in your room, leaving only for restroom use or in the event of an emergency evacuation.

It is imperative to make sure you are wearing your appropriate Personal Protective Equipment (PPE), as well as social distancing at all times. This is especially important when residents are going to and from the bathrooms and showers. Please be diligent in following proper protocols and put on your mask prior to opening your door. Surgical masks will be available for daily replacement or when mask is wet or soiled.

We appreciate your continued patience and I want to thank you for your understanding and cooperation during this very difficult time. It is important to remain strong, to support one another, and be kind. Please do your part to stay healthy.
