September 9, 2022

TO: CRCC Incarcerated Individuals

FROM: Jeremy Long, Captain

SUBJECT: CRCC COVID-19 Status Change

On September 2, 2022, Coyote Ridge Corrections Center (CRCC) confirmed that one individual and one or more staff had positive tests for COVID-19. As a result of the positive test results, and in conjunction with clinical staff, it was determined to place Sage Unit on quarantine.

On September 6, 2022, in conjunction with clinical staff, it was determined to place Sage Unit on cluster status requiring all staff working Sage Unit to test twice a week. Sage Unit will have their meals and medication delivered to the units. Camas can continue to pick up their meals in the dining room to bring back to the unit.

On September 8, 2022, CRCC MSC was removed from cluster status and facility wide outbreak status and moved to limited area outbreak in I Unit and D Unit. Staff working at MSC do not have to test twice a week.

On September 9, 2022, MSC Units, except I and D Units, can visit as scheduled, have limited programming, and limited work programs. All programming out of the unit will need to be approved through the ICP. Meals and pill line will be conducted in the units for all units at MSC tonight September 8, 2022. On September 9, 2022, all MSC Units, except I and D Units will be grab and go in the dining rooms. Pill line for all MSC Units except I and D Units will be conducted while the individual units are going to the dining room to pick up their meals. I and D Units will continue to have meals and medication delivered to the units.

The units on full quarantine can go to yard as a unit in accordance with the yard schedule. Units with one pod on quarantine will still go to yard but the quarantine pod and the clear pod will go to yard separately.

The following areas will remain on quarantine status:

- D Unit
- I Unit
- Sage Unit

The following area are not on quarantine status (regular surgical mask):

- A Unit
- B Unit B Pod
- C Unit
- E-Unit

“Working Together for SAFER Communities”
The following area is being used for transfer separation:

- B Unit A Pod meals and medication will be delivered to BA.

Testing of the Incarcerated population in I, D and Sage Unit will take place on Wednesday, September 14, 2022, for all CRCC quarantine Units.

CRCC is MSC has been removed from cluster status, Sage Unit remains on cluster status and staff are required to test twice a week or daily if working Sage East.

We continue to follow the Prisons Division Cluster and Outbreak Checklist and remain in restricted movement at this time. It is imperative that everyone continue to wear a surgical mask or appropriate personal protective equipment (PPE). Similarly, it is vital that we continue to follow the Centers for Disease Control (CDC) guidelines: ensuring to follow the six foot physical-distancing rule, washing your hands, and keeping high-touch areas of the facility sanitized.

Corrections is committed to everyone’s safety. We will continue to communicate with you as we progress through this pandemic.
