

PRE-MAINTENANCE WORK ASBESTOS ASSESSMENT TOOL

This checklist is to be completed prior to work in buildings to avoid possible asbestos exposure.

Document prepared by _____ AHERA Inspector Accreditation Number, if applicable _____ Expiration date _____

Facility _____ Building _____ Year built _____

Previous renovation/asbestos abatement with documentation? Yes No

Work to be conducted:

Location of work in building:

- Yes No N/A Is there any known asbestos material in that area that could be disturbed? If Yes, refer to DOC 890.095 Asbestos Program prior to proceeding.
- Yes No N/A Have samples been taken of know or suspect asbestos material in that area?
- Yes No N/A I have reviewed past asbestos surveys conducted for sampling test results.
- Yes No N/A Do sample results identify asbestos content 1% or less?
- Yes No N/A Can work be conducted without disturbing any asbestos containing material?
- Yes No N/A Has all material that could be disturbed during this work been assessed for asbestos per training, including wallboard, pipe lagging, flooring, mastic, insulation, glazing, siding, ceiling tiles, or other suspect materials?

Comments:

Based on information in past asbestos surveys, testing conducted, and training, I believe the work described can be conducted in the area identified without disturbing asbestos containing materials.
