FACT SHEET

ABOUT THE FACILITY

Custody Level:

- Maximum, Medium and Long-Term Minimum

Population:

- 1,870 total capacity, 1,852 2023 YTD ADP

Stafford Creek Corrections Center (SCCC) is a 1,936-bed multi-custody facility on a 210-acre site. Construction started in July 1998 and the facility opened April 3, 2000. SCCC is one of the newest construction of prisons in Washington State.

SCCC structures its operations and programs around practices that show sustainable reductions in incarcerated individuals returning to prison while also enhancing security for the facility and safety for communities across Washington.

PROGRAMMING

Programs are designed to provide incarcerated individuals with resources and opportunities to learn positive skills that ultimately reduce risk to the community. Individuals who participate in programs are better equipped to make a more successful transition back into the community and to make better choices upon release.

Washington Way:

- SCCC has adopted the Washington Way formerly known as the Amend project from Norway. The principles of Washington Way are Normalization, Dynamic Security and Progression. The Washington Way program encourages staff and incarcerated individuals to have positive professional communication and to work together for a more humane environment inside facilities in Washington State

Other Program Opportunities:

- GED/High School Diploma
- Redemption Program
- Construction Trades Apprenticeship Preparation (CTAP)
- Sustainability in Prisons Project
- Dog Program
- Family Friendly
- Community Involvement Programs
