Get Noticed

With custom banners, posters and decals

Correctional Industries now offers high quality, wide format printing and laminating.

Correctional Industries has the ability to turn any artwork or photo into a digitally printed sign, chart, map or poster up to 52 inches wide. We can convey your message on an oversized banner with full color graphics that make a big impression. See your image as small as one inch on stickers and decals that can be applied to glass windows, motor vehicles, plastic helmets — you name it. We can even print on film and cut out your design. This new technology has expanded our ability to produce top quality graphics at a great price with a quick turn-around.

Promote Your Image

Correctional Industries can help promote your organization with custom lanyards for uniforms, office staff, special events and team building. These sturdy nylon lanyards simply slide over the head and provide comfortable all-day wear. The plastic swivel hook holds your picture ID or badge front and center, and for added safety, our lanyards include built-in breakaway connectors for easy detachment. Included in the price of each purchased lanyard is an optional one-color imprint repeated on one side of the neck band.
