FACILITY INFORMATION

ABOUT

Custody Level:

- Minimum Security Classification Facility

Capacity:

- 84 men

Annual Operating Budget:

- \$1,838,590

BSRC is housed in a building that was built in 1910 in the heart of downtown Spokane. It is near health care services, substance abuse treatment and is on the main transit line. The primary goal is to improve public safety by positively changing lives, building positive relationships with family and providing residents with the knowledge and skills necessary for success in the community.

Residents who meet the screening criteria may be transferred to BSRC 12 months before their earliest release date. The facility is operated in partnership with a contract agency, The Transition House, that provides 24/7 safety, security and food services. The building is owned by the Department of Corrections.

COVID-19 Operations: In May 2023, federal and state COVID-19 emergency declarations ended, and DOC transitioned to a new normal operation. DOC continues to follow DOH and CDC guidelines for managing and preventing infection control.

Individuals with Disabilities: The Reentry Centers meet applicable American with Disabilities Act (ADA) standards and DOC policies regarding ADA. We will coordinate with the statewide ADA coordinator prior to the arrival of residents requiring ADA accommodations to ensure the facility has the necessary items. We will ensure the facility continues to meet the accommodated residents' needs during their incarceration.
