About this facility:
Reynolds is a 92 bed all male facility for adult residents with the primary goal of improving public safety by positively changing lives, reconnecting families by providing residents with the knowledge and skills necessary for success in the community. The facility is operated entirely by the Department of Corrections. Reynolds is a 6-story building and was constructed in the early 1900’s as a hotel. It was converted into a work release facility in 1978. The first floor contains the library, weight room, pool table, visiting area and the kitchen/dining room. The second floor is made up of administrative offices. Floors 3-6 are the resident living units and houses up to 23 residents in single and double-occupancy rooms. Reynolds is also a designated ADA facility and floors 3 and 4 have ADA rooms and bathrooms.

The average population age range is 18 to 67-years-old with an average length in stay of 4-6 months but can extend to 12 months if participating in the Graduated Reentry (GRE) program.
