- **21st** out of 50 states for [cases as a percentage of the population](#) (Data from [covidprisonproject.com](#))

## Frequently Asked Question

### What cleaning protocols are being used to clean the facilities?

All DOC locations instituted an intensive cleaning protocol focusing on sanitizing high touch surfaces, increased personal hygiene, and posting of DOH COVID-19 and hygiene related materials in public areas and areas visible to the incarcerated population. Hand sanitizer was authorized in prison facilities for use by employees and contract staff, and are placed in areas where soap and water are not readily available. Incarcerated individuals have access to hand sanitizer in supervised locations. We are also providing free access to sanitation products for individuals inside prisons.
