

Corrections' COVID-19 Bulletin

January 31, 2022
Bulletin 116

Current Status

The Washington State Department of Corrections' (DOC) Prisons and Work Release facilities are currently mirroring the current increase of COVID-19 cases across the state with 19 currently on outbreak status. DOC's priority is the health and safety of staff and everyone in its care and custody and has taken the following measures to mitigate the transmission of COVID-19 and continue maintaining safe and humane correctional environments. The department has also taken a number of steps to address staffing shortages. You can read about those steps, [here](#).

Prison facilities are taking steps to ensure that incarcerated individuals receive regular communications from each facility regarding status changes of the facility and COVID-19. [Read more, here](#).

Each prison and work release facility on outbreak status sends out a weekly status update message, that can be viewed on the department's [Significant Events Timeline \(SET\)](#). You can search for information about a specific facility by visiting the SET, hitting ctrl+f, and typing in the acronym of the facility you are interested in.
