

Corrections' COVID-19 Bulletin

February 7, 2022
Bulletin 119

Current Status

The Washington State Department of Corrections' (DOC) Prisons and Work Release facilities are currently mirroring the current increase of COVID-19 cases across the state with 16 currently on outbreak status. DOC's priority is the health and safety of staff and everyone in its care and custody and has taken the following measures to mitigate the transmission of COVID-19 and continue maintaining safe and humane correctional environments. The department has published updated Safe Start Guidance now on version 7, [available at this link](#). The Safe Start document is an excellent resource to review department guidance on COVID protocols for staff in all divisions such as testing.

DOC has been using the Incarcerated Individual Betterment Fund (IIBF) to do a variety of things for incarcerated individuals to help the time pass more smoothly. Additionally, a [message was sent to incarcerated individuals and family members](#) on February 4, 2022, that provided an update on DOC's response to COVID-19.

Visitation at prisons and work release facilities continues to be suspended, with a re-evaluation date of March 3, or sooner. [Read more here.](#)

Each prison and work release facility on outbreak status sends out a weekly status update message, that can be viewed on the department's [Significant Events Timeline \(SET\)](#). You can search for information about a specific facility by visiting the SET, hitting ctrl+f, and typing in the acronym of the facility you are interested in.

Numbers at a Glance

Average Daily Population

- **12,546** December 2021 Total [Average Daily Population](#) of Incarcerated Individuals for Prison and Work Release Facilities

Frequently Asked Questions

Each week, DOC will be responding to top questions received by the Office of the Corrections Ombuds. To learn more about this, and to see the full list of this week's questions – [visit the webpage, here](#).

Prison Facilities

Starting January 24, 2022, DOC will be including active cases from the last 14 days rather than confirmed cases in the last 30 days. This is in an effort to provide the most current, relevant information possible in the bulletin. You can still review confirmed cases in the last 30 days, and more data, on our [COVID-19 data webpage, available here](#).

Facility-Wide Outbreak

Airway Heights Corrections Center

Incarcerated
