

Corrections' COVID-19 Bulletin

August 24, 2022
Bulletin 164

Current Status

The Washington State Department of Corrections (DOC) currently has 5 facilities on Limited Area Outbreak status and 2 facilities on Facility Wide Outbreak status.

DOC facilities and living units that are not on outbreak status are finding ways to safely participate in religious and educational programming, visitation, and other activities that are important for an individual's successful reentry to the community. When a facility has a limited area outbreak in a specific living unit, only those living units are impacted, while the remainder of the facility is able to continue normal operations.
