

Corrections' COVID-19 Bulletin

November 2, 2022
Bulletin 174

Current Status

The Washington State Department of Corrections (DOC) currently has one facility on Limited Area Outbreak status and two facilities on Facility Wide Outbreak status.

[DOC announced today that](#) based on updated [Washington State Department of Health \(DOH\) guidance](#) for 24/7 facilities, prison and reentry facilities will no longer quarantine.

[DOC also announced changes to COVID-19 protocols](#) for staff based on [updated L&I Requirements and Guidance](#).

The following COVID-19 related protocols were recently published:

- [WA DOC COVID-19 Quarantine Removal Plan](#) – published November 2, 2022
- [Routine Masking Guidance \(Version 5\)](#) – published November 2, 2022
- Updated Phased Return to Work Guidance – Published September 1, 2022
 - [Active/Passive Screening Questionnaire Version 7 \(pdf\)](#)
 - [Phase 3 – Return to Work Guidance Version 7 \(pdf\)](#)
- [Safe Start Corrections Plan Version 12](#) - published September 2, 2022
- [WA State DOC COVID-19 Screening, Testing and Infection Control Guideline Update \(Version 33\)](#) - published September 2, 2022.

You can expect to see these changes included in the next update of the Safe Start plan and the COVID-19 Screening, Testing and Infection Control Guideline. Currently there are no other changes to the COVID-19 protocols, however we expect to see an update to the CDC guidance for Correctional and Detention facilities in the near future. Once the CDC update is released and reviewed by DOH additional changes may be implemented.

Numbers at a Glance
