The book was very hard to determine the age of the individual cartoon character.

The book contains info on the following. How to dress for below zero pages 13-15, How to build a snowmachine sled pages 24-29, How to build a river sled pages 40-41, How to build an air stripping machine pages 84-85, in turn to build a full size pages 125-126. This publication could pass a threat to legitimate penological interest.

The book depicts unwholesome groups, gang or security threat groups that may reasonably be thought to precipitate violence to include drugs, hate, sex, slander, personal, and intimidation. Roy 5. 5-01-03, 16-01-03, 16-04, 46, 84, 85, 86, 87, 89, 97, 98, 105, 143, 222, 223, 236, 227, 235, 236.

6-14-2023: This publication was originally reviewed September 8, 2021, by the Publication Review Committee and the rejection was upheld. I concur with their decision, as the book contains info on the following. This publication could pass a threat to legitimate penological interest.

The book contains images which display: a young female being sexually assaulted and bondage, full nudity, sex acts, exposed buttocks and exposed breasts. I concur with the Committee's decision.

MUSCULAR DEVELOPMENT Magazine No/Na 50 12 

DECEMBER 2021 12/29/2021

Contains sexually explicit material per WAC 137-48-010, including altered images, strategically placed graphics/frames, or articulation. Publications, letters, or eMessages that contain significant or repeated instances of content defined per WAC 137-48-010(13)(a)-(b) may be rejected.

Magazine contains pictures of exposed breasts and buttocks and depicts a model masturbarating 6 pages removed

6-7-2022 I concur with the Publication Review Committee’s decision to uphold this rejection. In your appeal, you state that the images in the above publication are not intended for sexual gratification and are only for muscle development. You are partially correct. However, some images as women in aesthetic interaction with each other are eroticizing the other’s buttocks. In addition, the females display exposed buttocks and are posing in a sexually suggestive manner. The publication remains rejected.

The publication review log for June 2022 shows a variety of publications reviewed for sexually explicit content, with many upheld as not representing WA State law. Some publications, however, were rejected. For instance, a book depicting a minor, in a sexually suggestive setting, was rejected. Similarly, a magazine promoting body modification, and one containing references to violence and illegal activities, were also rejected. The publication committee reviewed a total of 2464 items, with 2271 upheld, 192 rejected, and 61 cases where the decision was overturned. This highlights the need for careful consideration of content and adherence to policy when reviewing publications.

The publication committee reviewed this publication on 1/5/23 and upheld the rejection as sexually explicit. In response to this appeal, I reviewed the publication and concur with the committee. Multiple photos contain exposed female breast nipples, nudity, genitals, and exposed buttocks in whole or part. The exposed body parts are not necessary to display a tattoo and cannot be deemed as artistic. Due to these facts and multiple photos contain persons in sexually suggestive poses, I find this publication can be reasonably deemed to be intended for sexual gratification.

The Publication Committee reviewed this publication (WCCW 12378) on 6/13/23 and concurred with the rejection. In response to this appeal (WCCW 12378), I reviewed the submitted materials and concurred with the committee. The publication contains sexually explicit portrayal of sexual encounters including digital penetration of the female genitalia, masturbation, oral-genital contact, and genital-genital contact. In your appeal, you state that less than 7% of the publication violates WAC 137-48-BD002, and that such a low amount of explicit content should not justify sufficiently deeming the book as sexually explicit. Please keep in mind that the content must still be repetitively more than minor and significant, which the publication is in question.

**Conclusion:**

The Publication Review Committee reviewed this publication (AHCC 52337) on 6/11/24 and upheld the rejection. In response to this appeal (AHCC 52338) I reviewed the submitted materials and concurred with the committee. The publication contains explicit content involving human excretory functions including urination, defecation, or excretal discharge. The publication is intended for sexual gratification since the models are in lingerie and is suggestive of sexual explicit content.

**Reason for Rejection:**

Sexually explicit content involving human excretory functions including urination, defecation, or excretal discharge. The publication contains intimate physical details of the female breast/nipples, and exposed female breast nipples of minor children. This would not be fitting for the correctional environment.
