Pursuant to [RCW 72.09.290](#), at the beginning of each biennium, the Washington Department of Corrections is to prepare a list of counties and rural multicounty geographic areas in which work release facilities, community justice centers and other community-based correctional facilities are anticipated to be sited during the next three fiscal years.

The list of counties is based on the department's data indicating one of the following factors: (1) the locations of existing residential facilities; (2) the number and proportion of individuals sentenced to the department by the county; and (3) those counties which should have additional work release beds to smooth the transition from prison confinement to their community. From those data points, the following are counties that the department would recommend for siting of a community-based facility within the next three fiscal years.

Counties and rural multicounty geographic areas

Clark  
Grays Harbor  
King  
Pierce  
Snohomish
