## Pre-Submitted Questions

No pre-submitted questions

## Additional Questions

### Question 1

Will there be more video visits added to the daily schedule

Answer

The CPM and CUS's have been working on a schedule addition and think they have come up with a solution. There should be times scheduled for every day of the week once the schedule has been implemented.

### Question 2

There has been some issues with the audio part of video visits in MSC, can someone look into this.

Answer

Superintendent will look into it and submit a help ticket if one has not been already submitted

### Question 3

Any news on when visits might start?

Answer

HQ has a team working on how visits can be implemented. We do not have a timeline for a start date.

### Question 4

When will cultural groups get their meetings reinstated?

Answer

Right now we are working on setting up small meetings. The department works as a whole and meetings for groups and programs are implemented at whatever phase we are at and those guidelines.

## Question 5

How is the moral of the Incarcerated Individuals?

### Answer

Overall it is good. We try to keep everyone updated and they are grateful for the information. Staff and Incarcerated Individuals are doing everything they can to keep all of us safe and healthy. There is always cleaning, wearing masks and handwashing happening. For the most part we are working together to get through this tough time.

## Comments/Closing

- Next teleconference 9/2/2020 @12:30
- Meeting adjourned 12:42
