### AGENDA

Old business

Topic	Discussion/Key points	Next steps
IIBF Update	<p>LBM Khalmuratov handed out the IBBF Budget Allotment and Expenditure. If there are any questions, please contact him.</p> <p>marks.khalmuratov@doc1.wa.gov</p> <p>Associate Allen Reported: The goal is to spend as much of the IIBF funds as possible however some of the funds are pre allocated by headquarters. He has been working with headquarters to move money around for unit spending.</p>	
CPPC Update	<p>CPPC Trenk Reported: There are new events that are being planned and scheduled for this spring. Flyers will be posted on the units soon. They are trying to spend all the available funds for this year. There is a possibility that there will be less funds available in the coming years, so they are preparing for this now.</p>	
Action Item Update	Please see attached Action Items Form.	

Statewide Family Council Report	Please see SFC Meeting Minutes Notes.	

#### New business

Topic	Discussion/Key points	Next steps
Broken Equipment – TRU Vending Machine and no coffee at MSU.	The Evergreen Representative was unable to attend this meeting. This agenda item has been rescheduled for the next LFC meeting on April 19, 2025.	
Poor quality food, no variety, and high prices.	The Evergreen Representative was unable to attend this meeting. This agenda item has been rescheduled for the next LFC meeting on April 19, 2025.	
Is there a regular schedule for the Securus Rep to be at MCC?	CPM O'Connor Reported: The Securus reps is onsite Tuesdays through Thursdays. Recently he had a pre-planned absence that was announced via kiosk. He picks up kites daily and visits each living unit and IMU once per week.	
Who at DOC can family members contact about Securus?	CPM O'Connor Reported: Families can contact Securus via their customer service at 972-734-1111 at any time. Additional contact info is available on their website at securustech.net. The contract does not provide a specific rep for families	
Is it part of the Securus contract that a customer satisfaction survey be completed every 6 months? Why isn't this being done?	CPM O'Connor Reported: The contract notes an annual survey and it's been verified that this survey was sent out in both 2023 and 2024.	
The cost of putting money on the account for incarcerated individuals – thought this was going to change with Securus and it has not.	CPM O'Connor Reported: This is a banking question, however information on rates and sending money is available here: <a href="#">Securus Services   Washington State Department of Corrections</a>	

Trailer 5 and Smart Boards - Update	<p>Facilities Manager Hanson Reported: There are a few things in Trailer 5 that need to finish up. The goal is to have it online by next week.</p> <p>Associate Chandler Reported: AA3 Greenwood will be looking into Smartboards for the visit rooms. We will be ordering two, one for SRTC and the other for TRU.</p>	
Updated movie list and Games for the trailers.	<p>Please see attached movie list.</p> <p>AA3 Greenwood Reported: Board games have been ordered to make games in the trailers consistent.</p> <p>Please reach out to AA3 Greenwood to suggest movies and games for the EFV Trailers.</p> <p><a href="mailto:zoe.greenwood@doc1.wa.gov">zoe.greenwood@doc1.wa.gov</a></p>	
EFV Orientation	<p>Associate Chandler Reported: Lt. Davis has on Orientation Check List that is sent out to new participants. We are going to compare this to other facilities to make it more consistent.</p>	
Visit Room Complaints	<p>Our goal is to have the best visiting program in the state. If there are any Visit Room complaints please contact Associate Chandler, Superintendent Anderson, Superintendent Warner, or Headquarters Visiting Unit.</p>	
Where does MCC stand on the funded effort to reform Solitary Confinement? What steps/Changes have been made so far? Update on handbook for those being sent to Solitary Confinement.	<p>Associate Allen Reported: IMU numbers are high across the state. As of today, we have 0 beds. There are lots of new things happening in the IMU and around the state. We have the Transfer Pod in the IMU which is more open and has more out of cell time. We also have the Progression Pod. There are 16 individuals housed here all working towards the goal of</p>	

	going back to General Population. We are implementing more programming and education. This includes a Newsletter, Mental health Groups, Religious Programming, Baking, and Murals. The handbook is being updated.	
I/I pay being short, and/or group funds going missing.	CPM O'Connor Reported: For individual pay, all payroll is audited. For example, if an individual signed into work when they were scheduled in another location, the individual will not be paid unless verified by a Sergeant or above that they were working. If individuals feel that their pay was short, they need to speak with their work program supervisor. For group funds, purchases can only be approved by the program owner.	
Who does and how are job screenings completed? Why are some of the population not allowed to work CI Commissary areas? Why are job screenings completed every two years?	CPM O'Connor Reported: Per DOC 300.380, job screenings expire every two years but are sometimes done early. They are reviewed during a regular review and new Incoming Transfer Job Screenings (ITJS) are submitted if the individual will become eligible for more work areas. MCC was one of the last facilities to implement routine job screening guidelines to provide consistency, fairness, and transparency in where individuals are permitted to work. After the guidelines were implemented about a year ago a vast majority of individuals had additional work program areas open. A small group of individuals had some areas restricted however all were allowed to remain in the current work assignment. The Classification Counselor, Mental Health, Medical and IIU all	

	<p>provide input into the ITJS which is then reviewed by a multi-disciplinary team including those disciplines plus the Captain and CPM. Individuals are restricted from Correctional Industries at TRU if they have a Class A or drug related infraction in the last 12 months or have a conviction with an adult stranger victim. Stranger victim' is operationally defined as being when the individual did not have a preexisting relationship with the victim at least 24 hours before a violent crime against the victim. MDT may consider mitigating factors when reviewing individuals in situations where violence against the stranger may not have been the intent, such as a robbery, or situations with an unintended victim. Individuals committing acts of violence against victims working in their official capacity (i.e. custodial assault, violence against law enforcement) are not considered adult stranger victims in this context.</p>	
<p>Inconsistency between C/O's regarding the BOE process. Some will have a conversation first regarding the situation, other staff are quick to write someone up for a negative BOE.</p>	<p>CPM O'Connor Reported: BOEs are at the discretion of the staff member and are not intended to be transactional. We support progressive discipline; however, BOEs are not appropriate in all circumstances. The expectation is that a discussion occurs when a BOE is authored. When we become aware of specific situations that have occurred, they are addressed. Between the months of from 11/01/2024 to 02/04/2025, TRU staff have written a total of 894 BOEs of those 465 are positive, 165 are neutral, and 264 are negative. More than half of all</p>	

	BOEs written are positive. A significant portion of the positive BOEs are for volunteering to help without the expectation of reward such as a positive BOE. If individuals feel their BOE is inaccurate, they may challenge it. If they have concerns with specific staff members they are encouraged to speak with that person's supervisor. If that does not alleviate the concern, they may utilize the resolution process.	
Incentive Carts – Individuals are being told shopping for them is only being done once a month. Why isn't shopping being done at least 2x a month, or using an online ordering system if there aren't staff to go shopping?	CPM O'Connor Reported: Shopping is done as needed. There are two freezers total and dry storage. Recently there was a miscommunication about available stock and so there was not as much variety as we typically have. In eight months, the incentive cart has run we have always had enough items for the individuals that have tickets, it just may not have been the preferred items. We also replenish items based on what is available for us to purchase and what is popular among the population. Teir Reps reported: the population was vocal in supporting the process and is aware that this opportunity is managed my staff above and beyond their assigned duties. The population voiced their appreciation of the unit sergeants and Classification Counselors Reynolds and Hansen for running the cart and doing the shopping. Incarcerated also noted they enjoy the variety of snacks available on the cart and the opportunity to try new things.	

Expending our opioid use disorder treatment to patients with an ERD of 6-12 months.	<p>HSM Costa Reported: Right now, we are doing this treatment at 3 months to release. We will be expanding this to 6-12 months to release. We are transitioning to a different medication that is more efficient at opioid treatment. We have received funding for this and would like to use it. If you have a loved one that you think would benefit from this treatment, please have them reach out to their care provider. This has been implemented at MSU, will begin soon at STRC then moving to TRU.</p> <p>Please see attached memo for more information.</p>

Roundtable open discussion

Topic	Discussion/Key points	Next steps
Video visits were canceled due to a Place Safety Muster, should this have happened?	CPM O'Connor Reported: The Place Safety Muster schedule is posted on the units so please tell or ask loved ones not to schedule during those times. If you miss a visit through no fault of your own, please contact Securus to have them rescheduled.	
Help buttons in the cells - Is there an infraction for improper use, do the officers take this seriously?	CPM O'Connor Reported: There is an infraction for misuse of the emergency button. Officers respond to all button presses. If you hear or know that the officers are not responding to the help buttons properly then please contact the Unit Supervisor, Unit Sergeant, or Correctional Program Manager.	
Will the outside visiting area be opened for regular visiting?	There is a possibility that the outside visiting area can be opened when there is the staffing available. At this time a consistent schedule cannot be put out.	

Next meeting location: Monroe Correctional Complex Jimmy Evans Performance Center

Date: 4/19/25 Time: 1000-1200

February 4, 2025

Dear Patient,

The Washington Department of Corrections Health Services is continuously updating our policies to meet the ever-changing needs of our patients. In the area of opioid use disorder, we are offering a long-acting injectable form of buprenorphine (suboxone) which is called Sublocade. Sublocade is a monthly injectable form that is delivered as an injection under the skin of the abdomen (stomach area). It can be used for anyone that is on a dose of buprenorphine (suboxone) 8mg daily or more OR has been on 8mg or more in the last few weeks. It is a slow-release form and delivers the medication in a more consistent way so that patients don't feel withdrawal symptoms throughout the day as they might with other forms. It is designed to be given monthly but can last in the system for weeks or longer. It leaves the body very gradually so that it doesn't require a taper (dosing step down process) like is required when discontinuing the film or tablet.

DOC policy currently requires that individuals be tapered off buprenorphine (Suboxone) if they will be incarcerated in our system for twelve months or longer. For individuals who will be incarcerated between 6-12 months, we can continue treatment with buprenorphine if patients convert to the long-acting injectable formulation, Sublocade, for the duration of their incarceration. If they decline this option, and will be incarcerated longer than six months, they will be required to taper off their medication and offered to restart prior to their release. For patients who will be incarcerated less than six months, we can maintain them on the long-acting injectable formulation, Sublocade, OR the traditional form (tablet under the tongue).

For those individuals being tapered off the medication, a single injection of Sublocade is a great option because the taper is gradual, and patients experience less withdrawal symptoms. We have used the injectable form (Sublocade) to taper many patients off the medication and it works very well. If withdrawal symptoms occur as the medication gradually leaves the body, there is an option to treat these symptoms with other medications.

I have included some additional information about the medication in a separate document as well as a medical article explaining what a few patients experienced when using this injection to taper off buprenorphine. Please send any specific questions in a kite and they will be answered by myself or other health services staff. Thank you for your cooperation as our treatments change and evolve.

Sincerely,

Catherine Smith, DO FASAM  
Director of Addiction Medicine
