• MCCCW is currently on outbreak status.
• MCCCW Outbreak status update:
  ➢ Staff: MCCCW is currently on emergency staffing model due to staff being on quarantine.
  ➢ 13 total staff have been out or on quarantine, ½ have returned to work and have been cleared by medical.
  ➢ We have received additional support staffing and will request additional support for this upcoming weekend as well from HQ.
  ➢ MCCCW will be recruiting a COVID compliance specialist within the next week. This specialist will assure the facility will be following PPE and safety protocols.
• Additional Questions:
  ➢ MCCCW COVID Contact: Our Current Contact is Ms. Carlson.
  ➢ Expressed concerns to LFC representative:
- Lack of Heat: Maintenance came in over the weekend to address, the problem was not able to be fixed, however, it was fixed this morning.
- Lack of blankets: Extra blankets are available if heat is not adequate.
- Lack of hot water for showers: This has been addressed and fixed today.
- Lack of heat for cooking hot meals: This has been addressed and fixed today.
- Staff not following PPE protocols: This has been addressed today by management and will also be addressed by COVID compliance specialist once hired.
- Access to phones, books, activities: each area has had access to phones. Activity packets, books, paper, pencils, coloring books, cards, and other activities are available from CPPC, Recreation and Chaplain during the outbreak. CPM will also work with each to assure we keep on a weekly schedule of activities for the population.
- Medications: All medications and medical assessments are monitored through our medical team. Each unit and I/I are monitored daily and will received care as appropriate.

Comments/Closing:

Our next COVID-19 Informational Briefing will be on Monday, January 24, 2022 at 1:00pm.
