Weekly Update
- Data
  - Currently on facility outbreak status
  - We are testing everybody and retested after 72 hours.
  - R2 and R3 are on quarantine and 2 tiers in R6
  - A few positive cases from R3 and one positive case from R6 went to R5 for Isolation.
  - Cedar and Evergreen are clear after the 1st found of testing.

Additional Questions
Question 1
Do you know how many active cases there are?
Answer
I believe we are under 10 positive cases. Patricia Crabtree who normally sends the notifications is out.

Question 2
How do they update the status?
Answer
There needs to be 3 or more positive cases that are not connected to the incoming chain. After two rounds of testing with no positive numbers and it hasn’t spread, then we can come out of outbreak status.

Question 3
How does this affect visiting?
Answer
Anybody who is on quarantine or isolation does not have visiting. We are not shutting down visiting.

Question 4
How are they notified?
Answer
They will receive a notice to move, which is best for the unit, but they can decline and stay in the unit. If they start having symptoms or are positive, they will have to move. In the lower R’s, this is not the case because they have bars instead of doors.
Question 5
A memo was sent out today from headquarters about Recreation.

Answer
Recreation is opening up for activities in the gym by cohort. Cedar and Evergreen are now one cohort. The yard and gym go out by unit because of space. We still have to abide with CDC rules on capacity, so only half of the unit goes out at a time.

Comments/Closing
• Pad for outside visiting.
  o During our last visit we noticed the pad outside visiting.
    ▪ Maintenance is having problems with staffing issues, but I believe it is targeted to be open this weekend and if not then next weekend. Maintenance is building a play boat for the kids.

• Frozen foods for EFV’s
  o I was told that no frozen food would be allowed for EFV’s.
  o I would suggest that some of that EFV money be used to buy a couple of the electronic ice cream makers.
    ▪ Yes, that was a headquarters directive. That is a great idea, and we will purchase those for the EFV trailers.

• Felix - IIBF team is meeting tomorrow afternoon and I may have a quarterly update for tomorrow night’s meeting.
• Jay Jackson will be talking about the IIBF Budget for the FY22 Quarterly Budget in tomorrow’s meeting.
