## AGENDA

### Old business

Topic	Discussion/Key points	Next steps
Newsletter/pamphlet for “odd months”	Idea will be discussed further.	

### New business

Topic	Discussion/Key points	Next steps
IIBF	Jay Jackson went over the report and took questions	See attachment number 1. There still is money available for diversity activities. The budget is looking good.
Evergreen Vending	Justin Johnson was invited to the meeting to answer questions	He did not attend. The machines and parts for the machines are hard to find. They are looking at a new system and it is being tested out at Monroe.
Dawn Taylor	She was invited to the meeting to answer questions.	She indicated she would try to attend if she could but did not make the meeting.
Pine Hall Tier Rep Trevor Roberts	Discussed the role of a tier rep and answered questions.	I/I are fully aware of the process and the requirements. They are not required to vote if they do not want to. I/I’s are asked to submit suggestions to change the movement schedule. This is currently being worked on.

Q: Who attends	A: Unit tier reps meet monthly in the unit and there is a quarterly meeting. A quarterly meeting is held and all tier reps from all 3 units, all CUS's, CPM for TC, Assoc. Swain, Chaplain, CPPC, Recreation, CI, Education, and anyone who would need to answer questions that was on the agenda.	
Q: How are you chosen?	A: You have to be in good standing, meaning no infractions. I/I's vote for who they would like to represent their tier and they are submitted to the CUS and Sgt. to see if they meet the criteria of being in good standing.	Votes are done by kiosk and the CUS will get the votes
Q: How long can you be a rep?	A: 6 months to a year.	
Q: What things are ethe reps advocating for?	A: Yard time, Movement schedule. When things get shut down and movement stops, we lose yard and gym time.	
Q: Pine Hall CUS role.	A: A 240 living Unit which houses Medium, Minimum and GRE. It's a re-entry unit.	
Q: How far out can you be to live in the unit.	A: 2 years and under. There is a lot of release planning. Some are working and others are working on their release plans	
Are there others that help with re-entry?	Besides Pine Hall, there are non-violent individuals in other units that are on worked on by other case managers.	
Pickleball		There is a work order to get completed. See attachment number 2.
Laundry	Why is laundry only once a week in Evergreen? Other places wash clothes daily	This has been addressed with the population and CI does more than just WCC for facility laundry. The CI Staff are evaluating processes. WCC washing laundry for Mission Creek, WCCW, Cedar Creek, and RC and TC units. With a new population in the R-Units there is a constant turnover. We have a new CI Laundry Supervisor – Bryant Harris.

R-Unit Haircuts	Why are they only getting haircuts once every four months?	Haircuts are scheduled per policy in the barber shop. They can schedule one cut every 30 days as informed in the WCC handbook. They must let CUS know if they are not able to get an appointment.
23 AND ME	Is there any way a person can do 23 and me through medical?	That is something that is not a medical procedure. Current mail policy does not have that as an allowable item through the mail. That may have to be suggested at the statewide meeting, as policy would have to change that would not be a local process. We do court ordered DNA. This would be outside of DOC for paternity.
EFV	EFV procedures and discussion	<p>Recently a complete inventory of the EFV was completed and we are currently updating staff on the requirements to ensure consistency with inventories in and out of the EFV for both the families and the incarcerated. There were missing items from the EFV units. A new inventory sheet will be used for both family members and the incarcerated.</p> <p>Outdoor items will be ordered.</p> <p>PlayStation and Genesis will stay in the units, but games will be checked out. This will be the same for movies.</p> <p>Visiting staff will be doing the searches for EFV's. Public access officers will be taking care of visitors for the visit room. Scanning and searches for EFV's will be done in privacy. from other visitors but will be on camera.</p> <p>The floors will be updated. Hood fans and back splash</p>

		has been completed. The dishwashers will stay.  EFV Resource Guide. See attachment number 3
Medical Process for EFV's		There is a form that is included in the EFV packet. Once it's completed, it doesn't need to be added each time. Just the original packet.

Vending machines	They were empty over the weekend.	Evergreen Refreshments come out Saturday and Monday. This is a constant battle. New machines will be bigger.. Keep sending concerns to CPM or Sgt. Reeves.

# Extended Family Visit Resource Guide for Families

---

The Department of Corrections has established an Extended Family Visit (EFV) Program in Prisons for eligible incarcerated individuals to support building sustainable relationships important to reentry and to provide an incentive for those serving long-term sentences to engage in positive behavioral choices.

Participation is a privilege that is held to the highest screening requirements to ensure the safety of incarcerated individuals and their loved ones, as well as the orderly operations of the facility.

## Applying for Visits

### Application Process

Family members start by gathering all required forms by visiting [Prison Visits | Washington State Department of Corrections](#) under Extended Family Visits (EFV). Your next step is to gather all the required documents that are applicable to your request.

Required documentation must be issued by the appropriate regulatory agency (e.g., Department of Health, court issued), showing direct lineage through birth, marriage/state registered domestic partnership, or adoption. Documents will be copied by the Headquarters EFV Visit Unit, and the originals will be returned to the applicant.

Required documents may include:

- Birth certificate(s)
  - If “none listed” is on a birth certificate for a minor applicant, documentation must be submitted that shows proof of parentage for that parent (e.g., paternity documentation).
- Color copy of Government issued photo identification (e.g., passport, driver license or state ID card)
- Marriage license(s)/state registered domestic partnership certificate(s)
- Divorce decree(s)
- Death certificate(s)
- Adoption papers
- Other necessary documentation as identified by the Headquarters Visit Unit

Both parents listed on the birth certificate must provide written, notarized consent on [DOC 20-441 Parent/Guardian Consent for Minor Visit and/or Escort](#).

If a parent has lost parental rights, court documents must be provided instead of the form.

Once the forms are filled out and required documents gathered, they are sent to:

Department of Corrections  
ATTN: EFV Application  
Post Office Box 41118  
Olympia, WA 98504-1118

Once you submit your packet, the Headquarters EFV Unit reviews your packet to ensure all relevant information and documents are present. If not, we will communicate with you to submit what is missing.

### **Facility Review**

When the packet is complete, it is sent to the facility case manager who sends it to Health Services for their review and recommendations. The case manager begins their review normally at the same time as Health Services. That way, the Facility Risk Management Team (FRMT) can convene to discuss the request with your loved one as soon possible.

Once the packet goes through the FRMT process and the Superintendent/designee makes their decision, the packet is then returned to the EFV Visit Unit.

### **EFV Review Committee**

When the packet comes back to the EFV Visit Unit, some cases are required to go through an additional screening process called the EFV Review Committee. Crimes that trigger an automatic review are aligned with the following sex offenses and serious violent crimes list:

The EFV Review Committee consists of the Statewide Visit Specialist, Director of Correctional Services, facility leadership, Deputy Assistant Secretary of men's or women's prisons, and other committee members as appropriate for each case.

Once the decision is made, the HQ EFV Unit will send a kiosk message to your incarcerated loved one and a letter to family members. It is important to note that we will include the disqualifying information in the notification of the identified person (the one with the disqualifying criteria) and direct the other party to contact them for more information.

**Please note:** Normal processing times run from 60-90 days based on specifics of each individual case.

**Appeals**

If you receive a denial and believe it is in error, you as the family member or your loved one may submit an appeal to other DOC Correspondence Unit [doccorrespondenceunit@DOC1.WA.GOV](mailto:doccorrespondenceunit@DOC1.WA.GOV).

This information will be in your notification. Please make sure you include any new information that you want considered for review by the committee, rather than just sending an email that says, "I want to appeal the decision."

Your appeal will then be seen by the EFV Review Committee for consideration. Appeals take approximately 30-45 *business* days and are final. Family members may reapply one year from the date of the final appeal denial.

## **When you arrive at the facility**

Please make sure you review the facility web site for check-in directions and remember you and additional family members must all follow visitor dress standards identified for visiting. Once inside the EFV unit, you'll be able to change and relax.

You can expect to go through standard search procedures when entering and leaving the facility, consistent with DOC 420.340 Searching and Detaining Facility Visitors. You do have the right to refuse the searches, but refusal will result in denied admittance to the facility and may jeopardize future visiting privileges.

Just so you are aware, your loved one will be searched entering and leaving the EFV unit, consistent with DOC 420.310 Searches of Offenders.

Visitors are allowed to bring only items identified in Extended Family Visit Allowable Items available in this document.

An ice chest may be used to transport cold products from your car to the facilities x-ray machines (where available) for staff to inspect and screen all food items. Staff will notify you of any items that must be transferred to plastic bags/containers that you brought with you for this scenario. Remember, liquid will not be transferred into plastic bags.

An important reminder when it comes to clothing: clothing brought in is only for the family. No clothing can be brought in for your loved one as they must remain in state-issue clothing during your visit. This is for two reasons; one, because street clothing is considered escape paraphernalia and two, if we must remove them quickly back into the facility because of an emergency and escort you out safely. Thank you for understanding.

### **What Your Loved One May Bring**

## **Summary**

The Department hopes you enjoy your visit with your loved one and encourages you to review the following reference section for additional information. Please make sure to let us know how we can improve your visits!

## **REFERENCE SECTION**

**IMPORTANT NOTE:** RCW 72.09.015 defines “immediate family” as: children of the incarcerated individual, stepchildren, grandchildren, great-grandchildren, parents, stepparents, grandparents, great-grandparents, siblings, aunts, uncles, and a person legally married to or in a state registered domestic partnership. This includes an individual who was adopted as a child or an adult but does not include an individual adopted by another individual.

## **Domestic Violence Screenings**

The Department uses a combination of information to identify domestic violence concerns. This includes but is not limited to:

- History of arrests for domestic violence flagged cases
- Convictions of domestic violence flagged cases or cases where domestic violence is described by police reports, pre-sentence investigations, probable cause statements and other crime descriptions
- Court filings may not be counted unless additional factors are present as noted below.
- Convictions where there is no domestic violence flag, but crime details reflect evidence of domestic violence victims. This may occur when an individual takes a plea to a lesser offense.
- Protection orders, Anti-Harassment orders, No-contact orders on the side of either the visitor or the incarcerated individual. The screening reviews “who” the identified protected person is, the protected person’s relationship to the named defendant, and any additional information revealed through records search.

Additional considerations:

- Victims of domestic violence convictions are not eligible for EFVs.
- Visitors or incarcerated individuals deemed to have a domestic violence indicator against a “like” or similar victim (e.g., individuals who assaulted a spouse/state registered domestic partner, intimate partner, parent, child, or other family member) may not be eligible for EFVs.
- Infraction record that reflects violent or aggressive behaviors may impact eligibility.

Factors considered in addition to domestic violence:

- Internal investigation or confidential information received that substantiates a threat to safety and/or security if privileges are granted (i.e., escape concerns, drug introduction, etc.).
- Pending infractions that will disqualify individuals if found guilty (application may be held pending outcome of hearing but will not be held through appeal process).

The Department also applies applicable definitions as provided in RCW 71.105.010.

## SUGGESTIONS FOR FUTURE REVISIONS?

The Department of Corrections welcomes feedback on all our policies. Family, staff, and community members can provide feedback at any time by visiting the Policy Revision Feedback Survey at <https://doc.wa.gov/information/policies/feedback-survey.htm>.
