HEALTH CARE AUTHORITY
VISION PROVIDERS

Since 1997, the Washington State Correctional Industries (CI) optical program has been training incarcerated individuals to produce high quality, cost effective prescription eyewear. Our high capacity optical production facility is designed to supply large volume contracts as well as small entities. Our state of the art production facility is complemented by a highly experienced civilian supervisory staff ready to serve your vision hardware needs. In addition to our prescription eyewear services, we also offer a line of premade reading glasses designed specifically for the correctional/institutional environment.

EYE WEAR REQUESTS

Agency policy may affect eligibility. Please contact the CI optical lab if you have any questions.

- Please provide legible medical prescription (Rx) with complete information, i.e., frame name, color, eye size, DBL (skull or cable temples), and any applicable codes.
- Do not Fax patient's own frame (POF) orders; jobs start when patient's frame arrives, and please include Rx with frame.
- CI Optical does not sell or credit frames for patients to try out.

WARRANTY

It is the policy of Washington State Correctional Industries (CI) to provide its customers with products and services that conform to their specifications and quality requirements. CI's goal is to achieve a constant high standard of quality while maintaining economical operations.

All CI optical products are covered by a limited warranty as follows:

- **Lenses are warranted for 90 days against manufacturer defect only. Lenses are NOT warranted against scratches.**
- Due to time, exposure to elements and concealed damage working with patients own frame can be unpredictable. **CI Optical does not accept responsibility for any outside frames sent in.**
- **CI Optical frames are warranted for one year against manufacturer defect only.**
- **Reworks due to doctor or dispenser errors, or patient satisfaction, are provided at no cost for the first rework within the first 90 days of original order and are billed at 100% thereafter.** This only applies to adult orders. All physician requested reworks filled for non-provider billed eyewear are billed to the provider at 100% of the HCA contract price. All lab errors are reworked at no cost to the provider.
